Mr. ZAN DOUGHERTY had another little stranger to arrive at his house Sunday—his boy "the very image of his papa."

While coupling cars at Rowland at 2 A. M., yesterday, M. N. Woodhead, of Lankins, had two fingers of his left hand mashed off.

The unprompted hop at the Miller store did not come up to the average Stanford hop, but there were those present who enjoyed themselves.

Mixed and Straight Pickles, Cheese and Crackers, Salmon, Clipped and Roast Beef, Sardines, Canning, Extracts and Lemons at A. A. Warren's.

The P. O. Department has just made a re-rating of the post offices, but it does not affect the salary of the postmaster here nor any of the neighboring towns.

B. W. LITKINS, of his home, formerly of Lincoln county, Ky., can acquire valuable information by corresponding with Maddox Bros. & Anderson, Land Dealers and Agents, Austin, Texas.

We will give to each customer who buys \$20 worth of goods from us a fine rocking chair. It is not necessary to buy the \$20 worth of goods to secure the chair. Come in and get your books, Louisville store.

A slight change in the schedule of the day passenger trains on this division went into effect Sunday. No. 21 now passes at 1 P. M. instead of 1:30, and No. 22 at 12:20. None of the freight trains carry passengers now. The principal change in the schedule is in these times.

The J. L. T. A. number of engine cars on the L. & N. have rented the Tom Short House at Rowland, and will run a short line under the above name for their own convenience. They have procured a first-class cook and will also run the Tom Short House in service and fare.

BUCKEYE MACHINES. A supply of these excellent machines is kept constantly on hand at E. M. Bruce's, Stanford, Crow & Co.'s, McKinney, and W. A. Carson's, Crab Orchard, where time and repairs can also be had at all times. Examine the merits of the Buckeye before buying. J. H. Shields, general agent, Stanford.

The court of appeals has reversed the judgment of three years against John Basse, rendered by the Laurel circuit court for the killing of Jarkin Byrd. Byrd was drunk and firing recklessly, when the bullet came so close to the wife of Basse, who had never before had any trouble with Byrd, that Basse, in an effort to force Byrd to cease his drunken assault, was forced to kill the assassin.

The coupling pole of Mr. John Ferguson's vehicle, in which were Mrs. Kate Dunderer, Mrs. Ferguson and two children, broke at the crossing on Lancaster street Friday and the occupants were precipitated in close proximity to the heels of the horse, which is a very looking one, but which had the good nature and presence of mind to stand perfectly still, and a serious accident was averted, though the ladies were scared out of their wits.

Mr. H. C. FORD received a dispatch from Somerset Sunday saying that Mr. W. W. Brown had died that morning. Three weeks ago he was kicked by a mule and had his skull crushed. The operation of trepanning was performed and it was necessary to take out a considerable quantity of brains. The patient rallied, however, and seemed in a fair way to recovery, but the shock was too much. Mr. Brown married a Miss Woods, a niece of Mrs. H. C. Farris and she and three children are left to mourn the untimely death. Deceased was an Oldham by birth and was one of the largest fruit raisers in Kentucky.

EDUCATION AND PLEASURE.—Mr. M. D. Hardin, of Monticello, spent a day or two with his son, Mark Hardin, of this place, after attending the burial of his sister, Miss Sarah Hardin, who died last week at the advanced age of 91 years. Mr. Hardin is 81 himself, but does not look it by 10 years. He and a family of 11 children were raised in this county on the place that Capt. H. T. Bush now lives, their parents coming to Kentucky from Virginia in the pioneer days. Mr. Hardin had nine brothers and none of them taking to the life of a farmer, they all sought other occupations and scattered over several states. Several of them are still living, including our countryman, Mr. Sam'l Hardin, of Crab Orchard. Mr. Hardin has lived in Monticello for many years, and has for the most time kept tavern, at which he not only made money but a big name in all his section. He was married three times, his first two wives leaving a child each and the last, whom he married in 1818, raising 12. The girls married well and the boys are all doing nicely, either as lawyers, merchants or bankers. Mr. Hardin is a fine old gentleman and we enjoyed very much an hour's talk with him about old times.

First Green and Black Teas at A. A. Warren's Model Grocery.

Everything in my line for cost till further notice. Mrs. Kate Elkin, milliner.

Get your binder twine from A. T. Nunnally, best on the market and as low as any one.

The farmer who does not take advantage of this cessation of the showers to cut his wheat deserves to lose it and starve.

SUNDAY was the longest day of the year, according to the almanac, and numerous of our citizens haven't the slightest doubt of it.

That irrepressible moon, Tim Tall, stuck a knife into Mr. Emory, Sunday, which came near entering the bowels and producing a serious wound. Jim was arrested and the trial yesterday proved that he was only in fun and was discharged.

CANNABIS is to have a fair this year, July 17 and 18. Judge W. E. Walker was chosen president, E. W. Lillard, secretary, with J. M. Farrar assistant and L. Y. Leavelle treasurer. M. S. Baughman, Porter Sundridge and H. B. Edmiston are the honorary vice-presidents from Lincoln.

THE L. & N. pay car passed Saturday on its joyful mission to the railroad boys. Paymaster E. L. Banney is a courteous gentleman, but strictly business. He can handle money faster than Barnum's prize ticket seller and rarely ever makes a mistake.

The Liberty Circuit Court closed Friday. Walker Bell for killing 151 snow, the particulars of which are fresh in the minds of our readers, was acquitted, the jury being out less than three minutes. Another long jury resulted in the Clein Wilkinson case. It will be remembered that he killed Charles Lape in Liberty in Dec. 1888.

While coming to town Saturday the horse driven by Mrs. E. B. Benzley and children became frightened and turning a corner suddenly, the buggy was upset and the occupants thrown down an embankment. Fortunately none of them was hurt except a few bruises, but the roadway and harness were considerably worse for wear after the horse was stopped.

THROUGH this week the L. & N. will sell round-trip tickets to Mammoth Cave to one or more persons for \$12.50 each from Stanford, \$12.75 Junction City, and Lancaster \$13.20. The above rates include railroad fare, both long and short route in Cave and one day's board at Cave Hotel. Hotel rates \$2 per day for each additional day. Tickets good on all regular trains. W. W. Penn, T. P. A. The Louisville Legion is in camp at the Cave.

A GOOD MISE.—Mr. G. D. McCollum, who has the only public bar-room in Boyle county and whose license will expire July 15, tells us that for several months his sales have averaged over \$15 a day, from which he has netted \$100 and over a month. Mr. McCollum also has a good hotel and lunch business, so he will not be entirely broken up when his license runs out. We do not know whether the prohibition law has anything to do with it or not, but another drug store is being opened at Junction City.

THINGS at Rowland the other day, Clarence C. Hocker, George W. Kershman, Tom Hurley, Frank Parsons and Mr. Bork engaged in a little game of ointz, not knowing the severe penalty attached. A warrant was taken out and Messrs. W. Kershman and Hurley confessing before Judge Barnett they were fined \$5 and costs. The others were not tried. County Attorney J. R. Paxton rhimes that Judge Barnett has no right to try such cases, except on examining court, and has had warrants issued returnable before Judge Vann for all the men. The fine is not less than \$50 nor more than \$100, or confinement in jail for three months or both.

CHURCH AFFAIRS.

—Some of the richest and strongest churches in the Reformed Presbyterian denomination are withdrawing to other sects on account of the recent action in turning out a number of ministers who voted at a political election.

—The next general conference of the Methodist Episcopal Church, South, will be held in Memphis, Tenn. That church has also fixed its missionary appropriations for the year at \$250,000. The church built 177 parsonages during the year. The gain in membership was 41,411, bringing the present number up to 1,218,561.

—A Methodist conference has suspended Rev. James Thompson for one year for preaching the heresy that "there is no material hell." He had expressed the belief that there was no punishment for wrong-doers but annihilation, and that the idea that they would be punished with perpetual fire was illogical and unsupported by Scriptural testimony.

—The State Sunday School Convention will meet this evening in the Christian church with following programme:

7:30, Song service, Alex. C. Hopkins.

7:45, Words of Welcome, John Bell Gilson.

8:00, President's response, C. P. Williamson.

8:15, Address, "God's Methods of Teaching His Will," E. L. Powell.

\$300, Appointment of committees, Benediction.

There will be three services Wednesday and Thursday, the meeting closing Thursday evening after an address, "Children and Missions," by President C. L. Lons, who will begin speaking at 8 P. M.

A Warm Blooded Southern Girl. The members of the medical profession in Memphis are greatly interested by a case reported by one of their brethren.

Dr. Jones and his wife were summoned one day. They found a young girl, 18 years of age, lying on the floor, apparently dead.

It is estimated that as there could be no pressure at 158 degrees, the road temperature must have been fully 150 degrees.

The disease has been remarkable in many respects. The patient's skin, instead of being dry, has been moist, and cold at the extremities.

By spring cleaning we do not mean the annual beating of carpets, washing of windows and general overhauling of everything indoors.
